Section I - Introduction

PURPOSE OF THE INSPECTION

EPA Region 6 inspector, Michael Williams, arrived at the Livingston Parish Sewer District Juban Parc Wastewater Treatment Plant (WWTP) at 10:36 am on May 16, 2023, for an unannounced NPDES wastewater treatment inspection. During the opening conference, I met with Caleb Hamilton, Plant Operator. Mr. Hamilton was informed that this was an EPA lead compliance evaluation inspection to determine compliance with the facility's National Pollutant Discharge Elimination System (NPDES) permit and the Clean Water Act. The scope of the inspection was with permit LA0125164, facility operations, and maintenance under the Clean Water Act. The inspection was conducted under the authority of the NPDES permit program, in accordance with the Federal CWA.

The information presented in this report is based on the materials and information supplied by the Livingston Parish Sewer District representatives, observations made during the inspection, and records and reports maintained by the permittee.

FACILITY DESCRIPTION

The Livingston Parish Sewer District has decommissioned and demolished the Juban Parc WWTP. All flow now goes into Buddy Ellis Regional Plant after being tied into the new system on September 7, 2022. The Livingston Parish Sewer District acquired the Juban Parc WWTP from the Livingston Parish Council in April 2021.

Section II- Observations

This inspection revealed the following observations:

The facility operations have ceased operations. The site was not in operation on the day of the inspection. Livingston Parish Sewer District submitted a Letter of Termination in January 2023 and the Louisiana Department of Environmental Quality issued the final letter of Termination on June 8, 2023.

Section III- Areas of Concern

This inspection revealed the following areas of concern:

During the visit, no significant issues were observed or identified at the facility.
