

recommended for the distinguished Flying Cross, was given the decoration for "gallantry in action" on December 26 in the Solomon Islands.

The citation related that Pettit, then a lieutenant, "led a section of four airplanes in a 12-plane fighter sweep over the enemy airfield at

Pettit has two brothers, Lieut. (jg.) James A. Pettit, and Ensign Alan Pettit, who are serving in the Navy.

"All his recent letters," his mother said today, "have said merely that he's well and everything's fine. I guess he thinks that's the most important thing to me."

"Motorists should realize that strict adherence to dim-out regulations is imperative to the safety of this area," Captain Franck said.

He added that causes of many of the accidents on the bridge during the past five months have been traced to dim-out violations.

NOW! a self-cleaning HOUSE PAINT developed by DU PONT

- 1. Paint protects the home front**
If you want to take care of your house, take care what paint you buy for it! Buy paint that gives protection as well as beauty—such as Du Pont House Paint. Du Pont House Paint forms a beautiful, durable film — protects the surface against decay, rust, and rot.
- 2. Keeps white houses white**
Du Pont House Paint contains titanium dioxide—the whitest paint pigment known. So your freshly painted house will be whiter of white. And, with Du Pont House Paint, it will stay white. That's because...
- 3. It's self-cleaning**
All paints collect dirt on exposure. But, with Du Pont House Paint, "self-cleaning" starts after a few months of normal weather conditions. A fine white powder forms on the surface. Heavy rains wash this away, carrying the dirt with it—leaving the newly exposed surface clean and white again! (Unusual climatic or dirt-collecting conditions in extremely sooty industrial communities may, of course, delay this process.) Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected.

See your Du Pont Dealer today! For his name and address, see your classified telephone directory.
