MESSAGE Dear Mr. Kull,

With regards to this file, I believe we have
signed out my November 18, letter and the problem it has
created

I have enclosed a copy of that letter for your file and
spoke to our attorney today (11-25-74). He advised me that
Kaiser is withdrawing their lien claim, this is because
a medical-malpractice suit has been filed by the
widow's atty.

I will keep you posted re outcome of 12-11-74 trial of our case.

- SHERWIN-WILLIAMS MATTERS

Redacted

Gentlemen:

This will refer to our conversation on November 15, 1974, regarding the above-captioned matter.

At that time, I spoke to you regarding an offer made by Mr. Robert Laws, the attorney for Kaiser Hospital.

The substance of this conversation was that Mr. Laws would be willing to settle his \$6,000 lien for a total of \$2,000.

This information was relayed to me by Mr. Sam Meredith, our attorney who is handling the workman's compensation end of this case. He was approached by Mr. Laws, and this offer was made to him. Additionally, Mr. Laws stated that he would not inform the applicant's attorney prior to trial that they had settled their lien.

Additionally, we discussed the possibility of the prejudicial aspect, where if we settled the lien for one-third, the applicant's wife might have some grounds whereby she could say, since you settled Kaiser's lien, you should settle my claim for one-third also.

I want to enforce that neither Mr. Meredith nor Liberty Mutual is recommending this action specifically, but is directing this information to Sherwin-Williams for their comment on the matter.

This matter is scheduled for hearing before the Workmen's Compensation Appeals
