Dear Dr. Blackwell:

Your request for a copy of the Asbestos Regulations of the Illinois Pollution Control Board has been received.

Please pardon the delay in answering, but due to vacation schedule and preparations for State Fair Week, we have been a little slow in answering.

I have requested the Agency to send you the rules, as yours has been the only request to date. If you don't receive them in a few days, please call me on 800-252-9482, and you will not have to pay for the call.

If we can be of further service to you, please do not hesitate to call on us.

Sincerely,

Marguerite L. Sandman
Associate in Public Relations
