

June 4, 1958

Manfred Howditch has written to me today to ask whether I could let him have copies of the enclosed report for all members of the Technical Subcommittee of ASA-Z66 Sectional Committee.

Since the reports are available in sufficient number, I am glad to comply with his request. I deviate only in sending them out directly rather than through him in order to save both time and trouble for him.

I am more than pleased that this Laboratory can be of service to you, and through you, to ASA and the public which it serves so well.

Sincerely yours,

---
