Dr. Robert A. Kehoe
Kettering Laboratory of Applied Physiology
University of Cincinnati
Cincinnati, Ohio, U.S.A.

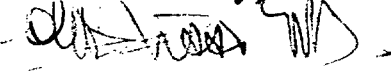

Dear Dr. Kehoe,

Compañia de Petroleo Ganso Azul in Lima, Peru will be handling Ethyl Fluid in the near future and on my way through Lima recently I was able to discuss medical arrangements with their Engineer.

The Ethyl Plant will be erected at the Refinery which is on a tributary of the Amazon river near the Brazilian border, at a point called Agua Caliente.

Ganso Azul employ a doctor named Doctor Gomez Acedo and, as Agua Caliente is so inaccessible, I recommend that he be appointed our medical consultant for the examination of the blenders. If you agree, would you be good enough to write to him, care of Ganso Azul, Lima, Peru, sending him the necessary information. I will arrange to be present for the first blend and will also have a talk with the doctor at that time.

Yours sincerely,

CLRG:ED
