discussions of the disease entity known as malignant mesothelioma held at that meeting?

A A large number of presentations dealt with that disease, yes.

Q And we have already heard about the disease malignant mesothelioma, and I don't want to repeat any of that.

But this was in 1965?

A That is correct.

Q Were there any studies or were there any reports in the medical and scientific literature prior to 1965 that discussed that disease malignant mesothelioma?

A Well, there were case reports in the literature prior to 1960. But in 1960 a publication by Dr. Chris Wagner, who looked at asbestos miners and millers in a community around the mining and milling process in South Africa, described some 30 mesotheliomas among workers in the community and in the family members of workers.

So by 1960 the relationship, even though the
