Defer to Millan on the 12th but Weds of next week for a call would be great if Millan is also available that day.

**Subject:** Pruitt visit

If a potential Pruitt visit seems real, it may be best for us to get on an initial call with eileen, Pruitt's scheduler/advance team and one of Mosaic's key on-the-ground staffers to walk through all the potential permutations we can offer them:

- Mine/dragline tour – a tour of our mining operations. We don't generally allow this, but we could probably get him on to the actual dragline as it is operating. Pretty cool experience.
- Manufacturing/concentrates tour – a driving tour through one of our manufacturing facilities (basically a large, complex chemical plant)

- Reclaimed land tour – either driving or potentially a helicopter tour of our reclaimed lands; heli is the best way to get a sense of the vastness of our landholdings
- Vendor/industry roundtable – We could easily arrange a sit-down with 10-15 of our most key vendors and they could discuss the critical significance of the phosphate industry to jobs, the local/regional economy and the important role they play in that
- Streamsong visit/stay – prime example of innovative reclamation and the economic viability of post-mined land
