Great speaking with you, Ryan!

Here are some folks I know quite well who may be able to help with the search.

George Gray, former AA of ORD, <https://publichealth.gwu.edu/departments/environmental-and-occupational-health/george-gray>, gmgray@gwu.edu.

Gail Charnley, <http://www.healthriskstrategies.com/cv.html>, charnley@healthriskstrategies.com

Lauren Zeise, <https://oehha.ca.gov/about/lauren-zeise-phd-director-oehha>

Lorenz Rhomberg (formerly with EPA), <https://gradientcorp.com/bio.html?id=28&staff=Rhomberg>, lrhomberg@gradientcorp.com

Annie Jarabek, jarabek.annie@epa.gov, https://clu-in.org/studio/perchlorate_060402/bio.cfm?id=16

Please let me know how I can help.

Best,

Subject: Meeting Request for Andeavor/Cassidy

RJ --

On behalf of my colleagues at Cassidy, I am writing to request a meeting between Administrator Pruitt (and/or appropriate staff), Andeavor (Jamie Moore), and Fulcrum BioEnergy (Ted Kniesche). They would appreciate the chance to visit on November 16 at 1:45 or 2:00 PM. **(You know Jamie Moore from our days in the Senate....)**

The purpose of the meeting would be to discuss the potential use of biointermediates under the renewable fuel standard. The existing regulations at 40 CFR §80.1401 specifies that all of the activities and equipment associated with the production of renewable fuel starting from the point of delivery of feedstock material to the point of final storage of the end product, which are located on one property, must be under the control of the same person (or persons under common control). These current regulations are stifling the use of biointermediates to produce renewable fuel—and we would like the opportunity to discuss the subject.

Thanks very much for considering the request. If you need additional information, please call me at 202-585-2479 at your convenience.

Meeting Attendees:

Jamie Moore, Andeavor, Federal Government Affairs

Ted Kniesche, Fulcrum BioEnergy, Vice President

Ryan Mulvenon, Cassidy & Associates, Vice President

Thanks for considering, bud. Hope all is well.

Charles

Since we would like to announce this next week, can you please send us: your resume and the contact information for about 5-8 people (a variety mix) from those listed below. We will request quotes from them and pull it into a release to announce your appointment. Once the draft is ready, we can give ECOS a heads up before sending it out to press. My number is 202-309-3416. I would be happy to discuss more on Monday. Congratulations again

I need to share a request from the ECOS leadership - that in the interest of cooperative federalism, EPA/I provide the ECOS membership with 30 minutes of advance notice regarding my appointment before it goes public. I look forward to discussing next week. Thank you!
