FROM Julius Nemeth
 TO RPM, PROKO, BONDEX Always provide address to which reply is to be sent
 DATE October 6, 1976 SUBJECT
 Please use a separate sheet for each subject treated

In recent discussions with INA they expressed concern as to whether or not the people doing the dust monitoring tests every six months in the RPM, PROKO, and BONDEX plants, were, in fact, qualified to operate the equipment and run valid tests.

I indicated that in all plant locations, the plant manager would be the logical one to conduct or monitor the tests and we have agreed to provide INA with a letter from an outside independent testing source certifying that specific people by name were trained by them (the outside laboratory) to conduct these dust monitoring tests.

Accordingly, we will want to proceed within each of the above reference companies to set this procedure in motion.
