

October 17, 1935

Mr. T. E. Ronan
Ethyl Gasoline Corporation
305 S. Kenosha Avenue
Tulsa, Oklahoma

Dear Mr. Ronan:

Thanks for your letter of October 12th with its information concerning a lady in Dodge City, Kansas, who was reputed to have lead poisoning from washing clothing in Ethyl Gasoline. I think you have handled the matter in an entirely correct fashion and I hope that any further information which may come to you will be forwarded to us promptly. I shall take no action in the matter until or unless further information comes.

Very truly yours,

RAK:is

Robert A. Kehoe, M.D.
