6 October 1986

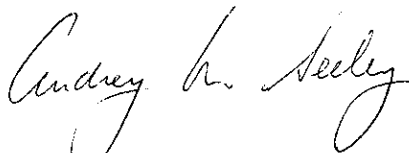

Dear Ms Widner

Food and Chemical Toxicology

Thank you for sending the second copy of Dr Kehoe's lead manuscript, the revised figure legends and table titles, the additional figures and photomicrographs and, finally, the original drawings, which arrived yesterday. I am very grateful to you for sending all that, and sorry to have given you so much trouble. The size of the original drawings may present some problems for the printers, as they obviously did for you, but no doubt they will cope.

I hope to proceed with this quickly now and will keep Dr Suskind informed of progress, as well as contacting him if any queries arise.

Yours sincerely

Audrey M. Seeley
Managing Editor
