Administrator
Office of the Administrator
United States Environmental Protection Agency
1200 Pennsylvania Ave., NW
Washington, DC 20460

RE: Invitation to Provide Keynote Remarks at the 26th Annual Franco-German CEO Summit, September 9, 2017 in Evian, France

Dear Administrator Pruitt:

On behalf of Air Liquide and the hosts of the 26th Annual Franco-German CEO Summit, I write to invite you to provide keynote remarks at the Summit on the morning of September 9, 2017 in Evian, France.

Given the importance of the U.S. environmental landscape to the companies participating in the event, we would be honored to hear from you on U.S. environmental policy and opportunities for U.S. investment, manufacturing, and job growth.

Evian has hosted the Summit for 25 years, and it is attended by the CEOs of 50 top German and French companies with direct investments in the United States, including BMW, Daimler, Air Liquide, Air France, Lufthansa, Siemens, Renault, and Airbus, to name a few. The hosts of the conference this year are the CEOs of Air Liquide (Benoit Potier) and Bosch (Wolfgang Malchow).

The Summit occurs from September 7th-9th, and we invite you to attend any of the events, including the dinner on September 8th with French President Macron. Topics preceding your address will include interactive discussions on Brexit, European Union trade policy, geopolitical stability, and security (e.g., cyber-security, terrorism). Your keynote would occur on the morning of September 9th between 8:45am and noon at the one-hour time slot most convenient for you. Your presentation would be for one hour with you providing brief opening remarks and then engaging with the CEOs on issues related to U.S. environmental policy. You can expect this group to engage in intelligent and thought-provoking conversations. The Summit is closed to the media, but there may be opportunities for media if desired.

Again, we would be honored if you would address our CEOs in Evian. Your unique and important perspective would be welcomed by our participants as they contemplate future investments in the United States.

We are happy to provide more details regarding logistics and answer any questions that you or your staff may have. I am available to your staff as needed and may be contacted at michael.rosen@airliquide.com or 713-624-8023.

Thank you in advance for your consideration of this request, and we look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read "MBRosen". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Michael B. Rosen
