C. W. Shotwell | Zinc Oxide Shipments

On February 26 I wrote you regarding a contract entered into by the S-W Company and the Bunker Hill Company covering the sale of Zinc Oxide. Since shipments will begin in the second quarter of 1960, it might be to your advantage to obtain a subscription to the Engineering and Mining Journal Market Sheets referred to as the E&MJ Metal and Mineral Markets, published weekly by the publishers of the Engineering and Mining Journal. It may be that you are already a subscriber to this publication and if so, fine. The billing price for the pigment is established by quotations as published in the above referred to publication.

In case you are not a subscriber, your subscription and correspondence should be addressed to Fulfillment Manager, E&MJ Metal and Mineral Markets, 330 West 42nd Street, New York 36, N. Y.. I believe the rate is $25.00 per year or $65.00 for three years.
