\*If the shipment moves between two ports by a carrier by water, the law requires that the bill of lading state whether it is "carrier's or shipper's weight". NOTE -- Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property. The agreed or declared value of the property is thereby specifically stated for the purpose to be used in settling claims.

On the shipment moves between two ports by a carrier by water, the law requires that the bill of lading show whether it is "owner's or shipper's weight." MC311 -- Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property. The agreed or declared value of the property is hereby specifically and specifically stated by the shipper to be not exceeding \$500.00
