

March 10, 1950

Mr. Paul L. Magill, Supervisor
Air and Water Pollution Laboratory
Stanford Research Institute
Stanford, California

Dear Mr. Magill:

We acknowledge with thanks receipt of the set of drawings for the construction of the Venturi scrubber and your letter of February 21. I have discussed with Dr. Kehoe the question of particulate lead in the atmosphere. He will write to you on this subject.

Very truly yours,

Lester B. Roberts
