Hello Samantha. Hope you are doing well after what must have been a very busy few days! I heard from John that the Administrator's meeting at API went very well - no surprise there.

When you have a moment, would you mind giving me a ring or dropping me a text regarding a couple of quick questions in follow up to last week's meeting with John? Not urgent at all so whenever convenient for you. My mobile is 630 881 4202.

Thanks,  
Bob Stout
