032-STRUT BAR STABILIZER BUSHING

3-5869

3-5869

Heavy Duty Rubber Bushing keeps front wheels from moving backward and forward. Stops erratic steering and road shock. Eliminates unnecessary tire wear. Simple to install - Remove nut and washer only from front of strut bars. Leave original bushings intact, slip one bushing on each shaft, replace washers, nuts and tighten.

Fits:

CHEVROLET 1965-68

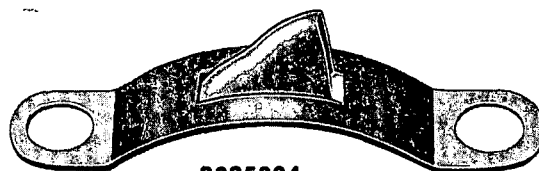

034-CONNECTING ROD PARTS
