Dear Pat Hawkes:

On November 13, 2024, the U.S. Environmental Protection Agency, along with the Alabama Department of Environmental Management (ADEM), conducted a CEI at Toray Composite Materials America Inc. located in Decatur, Alabama to determine the facility's compliance status with RCRA and applicable regulations.

Enclosed is the EPA RCRA inspection report which indicates that deficiencies of RCRA were discovered during the inspection. A copy of this report has been forwarded to the ADEM for follow-up and further review.

If you have any questions regarding this matter, please contact Kayla Acosta, of my staff, by phone at (404) 562-8451 or by email at acosta.kayla@epa.gov.
