In your letter of September 10th, you stated that you were field testing a new texturing product over One-Day Joint Compound.

We have a very good customer both for board and One-Day Joint Compound at Arthur, Illinois, Schrock Drywall Company. I talked to Dave Schrock last week and mentioned this product. They do a lot of texturing and would like to try this product.

Will you please advise if we could ship this concern about 20 bags for his testing.

*If we will probably you
get a good letter us. You
might call to find out
what texture he wants.
OK*

*Wants Hand Finish
