Q And clutches.
A Well, that is where there would be a difference.
Q Okay, let's just deal first with brake linings.
A Brake linings, as I understand it, up until, you are saying, up until the mid 1950s?
Q Yes.
A They were all asbestos bearing.
MR. SMITH: Page 102, line two.
BY MR. SMITH:
Q Did you ever change brake linings yourself?
A I wouldn't have been much of a mechanic doing brake work if I didn't.
Q Did you ever use an air hose?
A Yes.
Q Using an air hose, did that create dust?
A It blew visible particles in the air, that is for sure. Yes.
Q Did you grind brakes during that time?
A Yes, I had a complete shop.
