**Subject:** Breakfast & Introduction

Ryan,

Thanks again for meeting me for this morning. I appreciate you taking time out of your packed schedule to visit.

I also wanted to use this opportunity to introduce you to Hector Vizcarra. Hector is the Minister/Representative of SENER at the Embassy of Mexico. Hector and I recently spoke about the impact of the domestic oil and gas sector and its impact on the bilateral relationship and during that visit he expressed an interest in meeting you. I also know that you are interested in engaging more with your counterparts in Mexico and know that Hector is a wonderful contact for any questions or information you may need. It is my hope that you two might be able to sit down and meet soon.

I look forward to seeing you again soon,

JW
