Subject: Ban Methylene Chloride

Ms. Beck, Mr. Morris, Ms. Corado and Mr. Parsons,

Our friend's son, Ex. 6 Personal Privacy (PP) (age 31), recently passed away while using a Methylene Chloride based paint stripper.

We are outraged by reports that the EPA has indefinitely postponed its ban on Methylene Chloride. (EPA-HQ-OPPT-2016-0231-0001).

Protecting American consumers and workers from dangerous chemicals is at the core of your agency's mission. The longer these rules are delayed, the more workers and consumers will be needlessly exposed to toxic chemicals with serious, well-documented health risks.

Action on this toxic chemical must be taken immediately before another innocent citizen dies. We request the EPA reconsider its decision to delay the rule making process. You should finalize the proposed ban on Methylene Chloride immediately.

Very truly yours,
Kathy and Steve Coffman
