SUBJECT: RED LEAD TECHNICAL COMMITTEE MEETING

To Members of the Red Lead Technical Committee:

A meeting of the Red Lead Technical Committee will be held on Monday, June 4, 1956 at Sayville, Long Island, N. Y. and on Tuesday, June 5 in the offices of the Lead Industries Association. Long Island Railroad schedules are attached so that members arriving Sunday, June 3 may go out to Patchogue, Long Island and register at the Patchogue Hotel. (Patchogue is several stations beyond Sayville.) On Monday morning at 8:30 A.M. a National Lead Company car will transport committee members staying at the Patchogue Hotel to the test station.

Committee members desiring reservations at the Patchogue Hotel for Sunday evening should advise the secretary immediately. In addition please advise the secretary if you cannot be present at this meeting.

A tentative agenda for this meeting follows:

Monday - Panel Inspection - 8:30 A.M.

Tuesday - 9:15 A.M.

1. Completion of Red Lead Technical Letter No. 11 on Surface Preparation. A preliminary draft of a revised letter has been sent to the Committee, so that we should be prepared to complete the project at this time.

2. Progress report on L.I.A. Project 23.

3. Progress report on Red Lead Technical Letter devoted to specific applications.

4. Rust-Oleum letter dated April 27, 1956. (Exhibit A attached)

5. Report by Dr. Carrick on test program to evaluate formulations for hot stack painting.

6. Report by Dr. Carrick and Mr. Whitford on hot spray applications investigation.

Very truly yours,

Kempton H. Roll

Kempton H. Roll
Secretary to the Committee
