Norristown, Penna.

General: Removal of Names from List.

Dear Sir:

An examination of your ballot indicates possible confusion as to the classification in which you desire to place Independent Contractors and Asbestos Contractors.

The vote calls for placing the Asbestos Contractor and the Independent Contractor, as Class A and AA respectively, or, as an alternative, placing the Asbestos Contractor in the B Class and the Independent Contractor in Class A.

Will you please indicate by letter, by return mail, which of these classifications you prefer.

Very truly yours,

Donald Tulloch
