Dear Mr. Tulloch:

JACKET FOR AIR CELL PIPE COVERING

Upon my return to New York I found your letter of September 21 waiting, and hasten to express my interest in the new product which you have developed.

I would accordingly appreciate your going into further details and if possible would like to see a small sample of your new finish, including also some data as to the cost of treatment, together with an idea of the necessary equipment that would be required.

Awaiting your reply with considerable interest, I am,

Yours very truly,
