Mrs. Irene R. Campbell,
Librarian,
The Kettering Laboratory of Applied Physiology,
University of Cincinnati,
College of Medicine,
Eden Avenue,
CINCINNATI 19,
Ohio,
U.S.A.

Dear Mrs. Campbell,

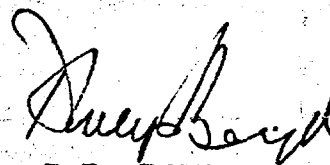

Thank you very much indeed for your kind letter of May 11, and the references which you have gone to such trouble to find for me.

I will, as you and Dr. Stevens suggest, look up Georg Tartler's paper, and feel sure I can get it translated quite easily by our Information Department. If I have any difficulty in getting the original paper, I will come back to you for help, but I do not think this should be necessary.

Thank you for suggesting that you will keep me posted with any further information which comes to your attention on this subject, and may I repeat that I am most grateful to you for your assistance and trouble on my account.

With kindest personal regards,

Yours sincerely,

P.R. BOYD.
Chief Medical Officer.
