Anne,

Justin Schwab believes he will be able to attend on Nov. 14th. I'm connecting you with Justin and his assistant, Monique Patrick, to confirm and so you can answer any questions they may have. Additionally, if there are particular areas of interest your members would like for him to speak on please let him know to ensure he is briefed up on everything beforehand.

Best,
Alex

Subject: RE: NEI speaking engagement

Hello everyone—

I echo Baker's email and thank Mandy for offering to find another speaker for the NEI Legal Advisory Committee (LAC) meeting on November 14. To provide a bit of background, NEI's LAC is comprised of in-house legal counsel from NEI member companies, including several general counsel, and attorneys from NEI member law firms with a nuclear energy practice. Collectively, these lawyers form a substantial part of the U.S. "nuclear bar." NEI's Legal Division hosts 3 annual LAC meetings, which typically draw around 50 lawyers or more, and often others who are interested in a particular topic. The meetings are not open to the public. I believe we can promise you a collegial, informed, and engaged audience of nuclear lawyers.

We customarily invite an array of speakers from diverse backgrounds. In addition to hearing from NEI subject matter experts, we regularly feature speakers from the NRC (Commissioners, NRC General Counsel, NRC Solicitor, NRC Regional Administrators, officials from the Office of New Reactors, the Office of Nuclear Reactor Regulation, the Office of Enforcement and Office of Congressional Affairs). We also like to go further afield from purely nuclear matters and hear from officials from the Administration and other federal agencies, *e.g.*, the DOE General Counsel, the Federal Aviation Administration OGC, Council on Environmental Quality, the National Security Council, Congressional staff, and other federal and state officials.

The meeting will be held at NEI's office, located at 1201 F Street NW, Suite 1100. (We are directly across the street from Metro Center station.) The speaker time slot we have in mind would be from about 1:45 pm – 2:15 or 2:30 pm, including both time for speaker remarks and audience questions.

We look forward to hearing from EPA and do hope you can join us – and in any event thank you for considering our invitation.

As Baker mentioned, feel free to contact either Ellen Ginsberg or me.

Cordially,

Anne Cottingham

Mandy- we would really appreciate the offer for one of your deputy general counsels to come speak to our group. An overview of the key items that EPA is focusing on would be much appreciated by this group.

I'm going to link y'all with our associate general counsel, Anne Cottingham, who is heading up this meeting and our general counsel, Ellen Ginsberg, for next steps. Also, Ellen said to feel free and call her at Ex. 6 with any questions.

Thanks again!

Baker

Hey Baker, Following up to Alex's note- would you be interested in hearing from one of our deputy general counsels? They may be a good fit considering the audience. We are happy to help make the connection us know.

Please do keep me in mind for future opportunities.

Best,
Mandy

Hey Baker,

Thank you very much for extending Mandy the invitation. Unfortunately she is going to be on work-related travel November 11th through the 17th and will be unable to attend. Happy to set up a meeting between you and Mandy but we are currently looking at December due to travel. If you want to touch base and send me a reminder mid-November, that would be appreciated. Anything else just let me know.

Best,
Alex

Hey Alex-

I hope this finds you well. I'm a friend of Surya's and I wanted to reach out on behalf of NEI. I've been meaning to try to come in and chat but it's been crazy times in the nuclear industry of late. The reason I'm reaching out is that my general counsel is hosting our Legal Advisory Committee (LAC) meeting at our office (1201 F Street NW) on Tuesday, November 14th, and we would love to have Mandy as a guest speaker to update our member companies on all things happening on the EPA front.

The LAC is comprised of in-house legal counsel from NEI member companies and attorneys from law firms with a nuclear energy practice. Collectively, these lawyers form a substantial part of the U.S. "nuclear bar."

The timeslot we would propose would be from 1:45-2:15 on Tuesday, November 14th, but we are flexible any time after 1:45 if it fits Mandy's schedule.

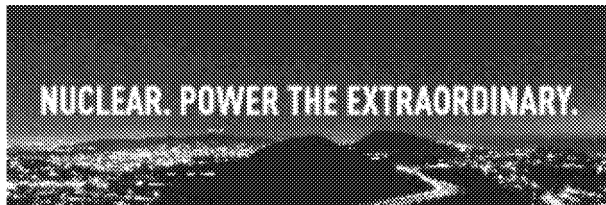

Thanks for considering and I'm happy to chat further and answer any questions you may have.

Best regards,

Baker
