DOC#: NSC409

DOCUMENT DESCRIPTION: Memo - Donald Tulloch, Jr., to All Licensees RE
Trade Requirements

TO ALL LICENSEES:

Subject: Amendment III to Schedule I
Dated 11/27/35
Effective 12/7/35

The portion of this amendment contained in the last four lines, affecting sales to Distributors and Approved Contractors, is hereby cancelled.

Most contracts with this class of trade require the distributor or approved contractor to purchase his requirements from the concern with whom his contract is made.

Where buyers in this class, for reasons of convenience or otherwise, desire to purchase from a Licensee other than the one with whom their contract is made, Licensees may sell them at the prices provided in their contract, first having ascertained that they are a Distributor or Approved Contractor in good standing of a Licensee.
