OCCUPATIONAL HEALTH PROGRAM

Dear John:

This approves your request of November 21 that Mr. Lag
B. Foadick of Chicago be brought to Lockland for a three-
day survey of the plant December 17-19 at a cost of \$500.

It is understood that the purpose of the survey is review
our situation as Dr. Mancuso has already analyzed it, pin-
point things that are needed and to eliminate duplication
and engineer studies and work that are not necessary.

Sincerely,

L. A. Pechstein
