Mr. H.J. Whitson
National Lead Company
111 Broadway
New York 6, New York

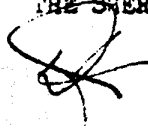

Dear Mr. Whitson:

We recently were questioned as to whether or not our S-W White Lead Soft Paste packages have any lead warning stickers attached. To our knowledge these packages merely contain the regular S-W label and nothing else.

Will you please check your records and advise exactly how the labeling is handled at each producing point? If lead warning stickers are used, we would like to have samples for our examination.

Sincerely yours,

THE SHERWIN-WILLIAMS COMPANY

Buyer

Don't ask National
Lead what type sticker
they use - ^{will} request samples
