

MEMORANDUM

TO: FILE

FROM: CHARLES H. MCCREA,  CH

RE: NEVADA POWER COMPANY v. MONSANTO COMPANY, et al.

DATE: JULY 6, 1989

-----

Gene Matteucci, Vice President, Chief Counsel and Secretary of Nevada Power Company called me this morning to say that both he and Mr. Lenzie had reviewed the draft of the Complaint against Monsanto, GE and Westinghouse. He had only one correction to make--Nevada Power serves more than 300,000 customers in Clark and Nye Counties rather than the 290,000 specified at the first page of the Complaint. He instructed me to make the correction and file the Complaint.
