Receipt of Pictured Label by Patent Office:

A QUALITY PRODUCT

A combination of plastic asphalt as
bestos fibers and organic chemicals
for roof repairs, gutters, downspouts, dry
lights where moisture is a problem.

WARRANTY

We warrant our materials to be of good
quality and will replace materials proven
defective.

This warranty is in lieu of all other war-
rants or material and shall not be assigned
or by representation, written or oral, im-
plied or otherwise. While we recommend
uses for our materials based on field ex-
perience we do not guarantee per-
formance under conditions of use or application or
performance under similar conditions.

This asphalt will adhere to any clean
wet - damp or dry surface, where
painting is not necessary.

This material blends.

For sealing holes in roofs, cracks in
gutters and flashings where moisture
will not allow regular roofing compound
to adhere.

DIRECTIONS

Apply cement with a trowel to a thick
coat of 1/4 inch being careful to smooth
down all edges.
