hello, all! Did we finalize a time to hold this meeting? I know this week is very busy for the DOI folks here, so if it goes into next week, that's fine with us miners. Please let us know what works best for you. Thank you VERY much!

This email has been sent from a computer made of the mined minerals we depend on for everyday life. As we communicate together, please be thankful mining makes it possible.

Aurelia-

I wanted to link us up with some Alaskan stakeholders that have some concern with NPS Bulletin 38. Jason is with the Alaska Native Corp Ciri, Deantha is ED of AK Miners Association, and Joe is with Pac Rim coal.

They would like to put a short presentation for you together and do a call or VTC to discuss.

Leisa in my office can coordinate timing when she gets back to the office Monday.

Best,

Steve
