

1 different companies, some of them like Kelsey-Hayes, are
2 not listed, but, for instance, the Budd Company,
3 Teves and Culpepper and Borg-Warner and the others, they
4 have years in parentheses. Would these be the years dur-
5 ing which Ford Motor Company purchased brake linings and
6 pads from these companies?

7 A Yes.

8 Q There are no years listed for Kelsey-Hayes or the Bendix
9 Corporation. I was wondering -- I am a little bit con-
10 fused. It has year over on the left-hand margin opposite
11 Bendix, and it says 1961 to 1982. What does that mean?
12 Does that just refer to Bendix Corporation or to the ones
13 listed below it?

14 A That refers to the whole page, that these were suppliers
15 during that period of time.

16 Q What about Bendix Corporation, there is nothing there
17 indicating what years Ford purchased linings from Bendix?

18 A I believe that indicates that Bendix was a supplier during
19 that whole period of time.

20 Q Okay. Would that same thing be true for Kelsey-Hayes?

21 A Yes.

22 Q The other companies listed, that have numbers in
23 parentheses after the company names, am I correct in
24 presuming that they were suppliers of brake linings only
25 during those years and not during the entire period?
