Re: Alice L. Warren, Administratrix
v. The Dow Chemical Company, Union Carbide, et al
Your File No. D-16183

Dear Joe:

I enclose a copy of Dow's medical consultant's analysis of the Monsanto medical records on John Warren. As with the prior report sent to you, we have eradicated the identity of the author of the report and continue to ask that this report be disclosed only to those persons within your firm or with your client who must see this information in order to defend the case. This confidentiality is for the purpose of protecting to the extent possible the privileges associated with Dow's consultant.

Also, please call me to discuss the continued deposition of Monsanto. Time is running out, and I am concerned because my calls to you have gone unanswered.

Thank you.

Very truly yours,

Sharon R. Burger
