Mr. K. W. Easley - 1920
Mr. P. S. Park - E2NH
Mr. W. W. Withers - B2SA

Mr. T. H. Bottini - B2CA
Mr. E. H. Harbison - B3SA
Dr. C. Paton - B2SK
Mr. R. G. Potter - B2SB
Mr. J. C. Weber - B2SK
Mr. D. Wood - B2SD

Wherein it is argued that "we" can't meet new government regulations...until, that is, we have too!

G.E. now says it may be able to reduce the daily discharge of PCBs into the Hudson River to 1/28th of an ounce. Too bad they didn't say that six months ago.

Isn't this just another example of why the industry has a credibility problem?

D. R. Bishop
