Cincinnati, Ohio.

Dear Dr. Kehoe:

Our advertising agency just referred to me a letter which came in from Mr. K. L. Bridges, who is one of the division managers for the Standard Oil Company of New York.

A copy of the letter is attached hereto.

It appears that the Commissioner of Motor Vehicles in the state of Connecticut has been a little misinformed as to the number of cases of lead poisoning and it might be well to have one of your doctors drop in and see him sometime when in this vicinity. Very often a little advance notice like this might save a lot of trouble in the future.

Best regards.
