NAK:IS

Very truly yours,

The results of our recent investigations not only in Mexico but elsewhere have been put together in the form of a series of papers, the first of which will appear in the Journal of Industrial Hygiene in September. On account of the length and the amount of data involved, it has been difficult to have these papers published promptly and consequently I do not have available any reprints at present. When they are published, I shall be glad to send you reprints of them.

Dear Mr. Wornat:

Mr. F. E. Wornat
