Dear Oscar:

Last week Art Roberts called Mr. Shank to advise that he had just received a telephone call from Mr. Joe Johnson of Abercrombie-Harrison. This customer had an employee, Mr. [REDACTED], who was insisting that he had lead poisoning and Mr. Johnson wished to have our advice in the matter.

We asked Art to give us a complete report and while he has not yet had an opportunity of learning of the local doctor's diagnosis, nevertheless, he has submitted the attached. We, of course, will not enter into this case unless so instructed by you but will keep you advised of further developments.

Very truly yours,

L. L. Huxtable
