PGE Board Retreat Invite to S.Dravis.pdf

Dear Associate Administrator Dravis,

On behalf of Portland General Electric, I am writing to invite you to speak at our Board's retreat in Washington, D.C. on Tuesday, June 6 from 9:30 am – 10:30 am. We have some flexibility with the schedule so could adjust the time to best accommodate your schedule. A formal invitation from our CEO Jim Piro is attached.

PGE is the largest electric utility in Oregon, powering 70% of the state's GDP. Given the profound importance of environmental policy to our industry and our utility, we were hoping that you would speak to our Board of Directors and officer team. They would welcome hearing your insights on this Administration's direction and vision for the Environmental Protection Agency. Topics that would be of particular interest include institutional reform – including efforts to streamline permitting processes, regional accountability to headquarters and consistency across regions; any insight on superfund issues including the recent delegation memo; and issues that impact energy providers – including where things stand with the Clean Air Act and carbon regulation.

I would greatly appreciate you joining us. To confirm your attendance or if you have any questions, I can be reached at 503-869-5320 or at [Sania.Radcliffe@pgn.com](mailto:Sania.Radcliffe@pgn.com).

Best regards,

Sunny Radcliffe
