TO G. W. James W. A. Robertson DATE May 10, 1974
C. E. Caprye ~~J. W. Gregg~~
K. J. Singer

COPIES TO J. F. Modaff P. J. Franklin FROM  J. H. Walton
P. D. Orleman D. R. Canham Safety Director
R. L. Muhr

SUBJECT

Under separate cover, your location will receive two asbestos warning signs of the type and size specified by OSHA. OSHA requires that these signs "shall be posted at such a distance from locations where air-borne concentrations of asbestos fibers may be in excess of exposure limitations, that employees may read the sign and take necessary protective steps before entering the area marked by the sign. Signs shall be posted at all approaches to such areas."

Should your location require additional posting, signs of the type you will receive may be obtained from the Marzetta Signs, Inc., 1356 South 50th Street, Richmond, CA, 94804.
