forward this quantity on the 13th or 14th inst.

As you are no doubt aware, the proposed advance in freight rates to the Pacific Coast becomes effective on the 15th inst., the new rate on this material being \$1.10 per 100 lbs. in carload lots.

We added the information regarding shipment of Lehigh Zinc to our telegram of even date.

In this connection beg to advise that if satisfactory to you we will add the following to page 102 of code book:--

Greith----Lehigh Leaded Zinc

Grenade----Standard Zinc

Unless we hear from you to the contrary will assume that these additions meet with your approval.

Very truly yours,

W. P. FULLER & CO.
