Dear Dr. Kehoe:

Enclosed please find our check No. J 51463 for \$6,250 which is the third quarterly payment for the study of lead inhalation being conducted by the Kettering Laboratory under our agreement of 9/1/49. This agreement runs from year to year until canceled by either party on December 31, on three months' notice. We are serving notice that we wish to cancel this agreement at the end of 1959.

As you know, the Surgeon General made certain recommendations relative to the measurement of lead in the atmosphere in connection with the use of 4 ml of tetraethyl lead in gasoline. Since we do not yet know exactly what will be required of us, we wish to maintain flexibility in our commitments, which is the reason for this cancellation.

Very truly yours,

J. L. Sabina
