We received a call from Mandy Jones at 213-239-0323 regarding copies of the exhibits from Plaintiff's Opposition to Motion for Summary Judgment. They need to be sent to this attorney's office. Mr. McCrea has all of these files somewhere over there so they will have to be pulled from there and copied. They also want to know if we have a copy of the deposition of Paul Wright that might have his address or a copy of any subpoena we served on him which may have his address. They need to get him served and wanted an address. They would like them ASAP. Janet

To find out Paul Wright can be found,
