Thermalex-F

MAGNET WIRE

Class F (155°C)

Rounds, squares and rectangulars also available
with single and double glass coverings

OUTSTANDING GENERAL PURPOSE APPLICATION
Thermalex-F is not a special wire but has the properties required for a general purpose application and can be used in the 105°C-155°C temperature range... Class A applications as well as Class F... eliminating the need for buying more than one type of magnet wire.

OUTSTANDING THERMAL STABILITY
A.I.E.E. #57 "Procedure for Evaluation of the Thermal Stability of Enameled Wire" which is an accepted test, indicates a 30,000 hours life at 170°C for unvarnished specimens.

Thermalex-F, a Class F (155°C) magnet wire insulation developed by Essex, is now available in round wire from 11 to 50 AWG size and all Formvar sizes of square and rectangular. This full size range gives every manufacturer the versatility he needs in one insulation type for his exact application!
