12-13. See attached letter dated December 1, 1983 from Daniel C. Braun, M.D., President, Industrial Health Foundation, Inc.

14-15. Ford does not have records from which it could ascertain which of its employees are members of the S.A.E. Ford has requested this information from the S.A.E. and will forward same to you upon receipt.

16-17. The warnings on asbestos-containing friction products and in the Service Manual were done at the direction of Mr. Paul Toth, then Manager of the Industrial Hygiene and Toxicology Department.

18-19. Documents which fall within this category are offered. A list of those documents are attached.

20. The face sheet of the June 29, 1987 deposition transcript of Robert O. Williams in Webb v. The Celotex Corp. is attached.

Very truly yours,

JAMES L. MELHUISE
