RE: National Safety Council Congress Transactions

Dear Barry:

Enclosed, please find relevant excerpts from the National Safety Council's Annual Congress Transactions as requested. I do have certain language highlighted in my copies, but determined that you would probably want to read all of this closely anyway. I think you will find them rather interesting.

As I explained, I am presently in the process of trying to get a master list of the N.S.C. membership for pertinent years. This will require a court order as they consider their membership and mailing lists to be privileged. On the inside cover of each transcript, you will note that the volume was automatically mailed to each industrial member. Needless to say, these mailing lists might really prove to be enlightening as far as specific defendant liability is concerned.

I hope these are satisfactory. If I can be of further assistance, call me at 800-231-3359. I am in the process of moving to Houston and will be available at that number.

I would be grateful if you would supply me with a copy of your work as soon as it is in published form. Hoping this letter finds you doing well. I am

Sincerely,

John D. Roven
