

1 symptomatic therapy to control pain that might develop
2 sometime in the future and other therapies that might
3 be necessary in order to make his life more
4 comfortable.

5 Q Was he prescribed any pain medicine when he
6 initially was in the hospital in January of 1990?

7 A At the time of the discharge from the
8 hospital he went home on some Naprosyn, which is a
9 medication similar to or the -- he also was given
10 Darvocet and given some blood pressure medication.

11 Q Now, when was Mr. Wood discharged from the
12 hospital in January of 1990?

13 A On January 13th, I believe.

14 Q And after his discharge from the hospital --
15 and I don't know that we said what hospital he was an
16 inpatient at.

17 A This was at Northwest. At that time it was
18 called Baltimore County General Hospital.

19 Q After he was discharged from then, Baltimore
20 County General Hospital, when was the next time that
21 you had an occasion to see and treat Mr. Wood?
