Dear colleagues,

In view of our meeting on Monday 28 March, please find herewith a link to the draft agenda on sharepoint:

<https://myintracomm-collab.ec.europa.eu/communities/reach/Authorisations/Meetings%20COM-ECHA/Draft%20agenda%20-%20ECHA%20COM%2020220328.docx>

We have already inserted a few topics for discussion, we are waiting for your suggestions.

If you think someone is missing, and should get the invitation for the meeting, can you please inform us [REDACTED] and [REDACTED]

-

Regarding the access to the draft agenda on sharepoint from ECHA:

We know it has worked for some of you, in ECHA, and for some it did not. As it is a little bit difficult for us to see what happens if someone from ECHA clicks on the above link, we would like to receive a description from a successful person on the ECHA side of the 'clicks' to be done to get access to the agenda and insert and save changes, so we can share that with the other ECHA colleagues.

With kind regards,

[REDACTED] and [REDACTED]
